PROFIL

Junior Python developer with over 20 years of experience in sound engineering for film, TV and media.

Trained in Django, Flask, REST APIs, CI/CD and SQL, I enjoy building structured, documented, and testable applications.

Eager to learn, hands-on, and ready to contribute to technical projects.

Available for freelance, permanent roles or short test missions.

Technical Projects

- CRM for client/contract/event management (Python, MySQL, MVC, CLI interface)
- Django web app refactor with Docker + GitHub Actions + Render deployment
- Custom MIDI USB controller via Raspberry Pi (Python, Bluetooth <=> USB)
- Documentation via Sphinx, unit tests (TDD), version control with Git & GitHub
